the only prerequisite is curiosity

no tuition...no grades

COMMUNITY

THE DOCTORS

Are you concerned about your health? Of course you are. Everybody is and should be. But...how much do you really know? There are many misconceptions and much misinformation floating around about what really goes on in the medical profession. That is why we and the doctors of Manhattan are offering this discussion series. It will give you a chance to get together with different doctors on different subjects. Please sign up if you are interested so that we can get an idea of how many are interested.

- June 16—Medicines, Dr. A.H. Miller
- June 21—Alcoholism, Dr. W.R. Durkee
- June 23—Venereal Disease, Dr. Roger Reitz
- July 7—Cancer, Dr. K.F. Bascom
- July 14—First Aid in Nature and Home, Dr. E.A. Klingler
- July 19—Mental Health, Dr. E.R. Sinnet
- July 21—Medicines in other Cultures, Dr. Ieland Reitz

July 28—Women and Medicine, Dr. Rex Fischer
The meetings will be held at 7:30 pm. at the Tower Room in the Union National Bank Building with the exception of Dr. Bascom's July 7th lecture on cancer which will be held at 1801 Anderson Ave. in the Big Room.

ADULT BASIC EDUCATION

Adult Basic Education needs volunteer tutors to teach conversational English to wives of foreign students. Sign up at registration. For more information call Miss Mary Border, 9-5539.

MANHATTAN DAY CARE ASSOCIATION

All-day care for 20 young children is provided by this group. The program includes indoor and outdoor activities. The center has a need for volunteers to help with the children, especially men. Sign up at registration. Co-ordinator: Mrs. Withee, 9-9440.

FEDERATION FOR HANDICAPPED CHILDREN

This group has new facilities to work with mentally or physically handicapped people who are nursery, teen and adult age. Help is especially needed for the nursery school, 9-11:15 am. any morning, the Sunday school classes and the swimming program, Wed. from 7-8 pm., which will soon be started. The organized Boy and Girl Scout Troops could use volunteers, too. Both men and women are needed in this work. Counseling, listening, and helping with problems play a large part in this service. Sign up at registration. Also, please contact Mrs. Dalrymple, 9-5504.

ALUMINUM RECYCLING

The women of Seven Dolors Church are collecting aluminum for recycling as an environmental improvement measure, and as a means of raising money for our charity programs. Save your aluminum foil, pans and cans and contribute them to us. All Coor's beer cans and some other beer and soft drink cans are aluminum. Cans with side seams are not aluminum. Please flatten the cans. Bring cans or aluminum to 716 Colorado or call 6-7501 for pick-up. Co-ordinator: Mrs. Mary Winden, 6-7501.

DRUG RESEARCH INFORMATION

For the past 18 months the Mental Health Section of Student Health has been engaging in research on drug use in Manhattan. We have learned a lot and have some interesting findings. The security precautions to protect the identity of subjects are such that we have not been able to provide feedback about results to participants. Participants or others interested in rapping with us about our findings on drug usage may contact Mrs. Wampler or Dr. Sinnett at Student Health, 532-6116.

CRAFT'S CO-OP

ATTENTION fellow artists and craftsmen! Ever thought about selling your wares? Some shops in town take consignments and a commission to sell your things. That means they have to mark up the price on your items so they can make a buck or two or more. That also makes it hard for your items to sell. Wouldn't it be nice if you, yourself, could sell your own wares, making all the profits at a price you set and not that the store sets? This is not a dream. It can be a reality if you help! Let's get together and see what we can do about starting a Crafts Co-operative. Vocations for Social Change means making jobs that not only help you, but help others as well. First meeting: Monday, June 14, 7:30 pm. at 928 Leavenworth. Co-ordinator: Art Elliott, 776-4455.

HIGGONSVILLE STATE SCHOOL

This is a chance for recreational/educational playground and program development at a school and hospital for exceptional children in Missouri. Excellent opportunity for working, learning, and feeling useful with mentally and physically retarded individuals. If you are in special ed., F.C.D., architecture, or landscape architecture or if you are just a concerned-type person, contact Cliff Castle, 9-8427 or John Selfridge, 2-6567.

THE MUSHROOM NEWSPAPER

If you were wondering whether there would be a paper this summer, there will be if enough people are interested in working on it. There will be a meeting Wednesday, June 16, 7:00 pm. under the grotesque mobile in the Union. We'll talk then about how, when, why, what, and wherefore...

THE DRAFT!?

How do you stand with the draft? Can you get a deferment? How long can you keep the one you've got? What physical disabilities make you exempt from the draft? What is a conscientious objector? How does the lottery affect you? If questions like these are bothering you—draft information and counseling are provided at the K-State Draft Information Center, 1101 Bluemont Ave., Apt. 1. For information or an appointment call Keith Spare at 539-6821.

UFM ANIMAL SHOW

Do you have a favorite animal and/or pet that you always wanted to enter in a show? But you never thought you would win or couldn't find a category that your pet would fit into? Well now is your chance—we are having a show for all animals, where everyone wins. It will be held June 20, Sunday, 3:00 pm. in the City Park Pavilion. So bring all gerbles, giraffes, ardvarks, cats, dogs, hogs, and horses. For additional information call the UFM office at 2-6957 or 9-8304.

WITH A LITTLE HELP FROM MY FRIENDS

Do you really want to get involved? Here is a chance to make a positive contribution to your fellow humans. You will be able to work with children, teen-agers, or the elderly; right now, we especially need visitors for the aged. You can help by reading to the blind, organizing activities for older people, or in many other ways on a one-to-one basis. These are people who need you! First meeting: Tuesday, 7:00 p.m. at Baptist Student Center, 1801 Anderson Ave. For further information, contact Marti or Jerrie, 6-9221, 9-8887, 9-7168.

WORLD FRIENDSHIP

"World Friendship", a group of international and American women, seeks to build friendships that span cultures and languages, acquaint new arrivals with the community and its facilities, and provide a unique social outlet that is not tied to departmental or ethnic considerations.

Summer meetings are for visiting and playtime for children. The summer's events will include potluck family picnics, swimming outings, and meetings at the zoo. The club has a sewing machine which rents for 50 cents per week and baby equipment for loan. First meeting: Tuesday, June 22, 9:30 to 11:00 am. at the city park wading pool. Co-ordinator: Wy Johnson, 9-5723. For rides and a complete list of events, sign up at registration.

ST. IGNATIUS!!! WHEE!!.....

—there was this bishop, see, at Antioch who was called Ignatius. He was a bright lad, able to read and write (Greek) and before he got himself killed in Rome, he fancied himself a writer and wrote. Now Ignatius went the way of all flesh; some say in 107 A.D., others say 115 A.D. Anyway, he wrote such juicy works as "Magnesians" and "Trallians" and "Polycarp", etc. —Don't let this blurb fool you, what he really wrote was a kind of ancient theology and his ideas gave shape to some things that some people today would like to unshape. Sooooo—a sack lunch, a curiosity for antiquity, at the UMHE Center, 1021 Denison, on June 18, 23, 30, July 14, and 21. Co-ordinator: Jim Lackey, 9-4281.

BEGINNING HATHA YOGA

We will start with beginning yoga and, hopefully, we will continue during the year into advanced yoga. We will discuss the diet of yoga, practice the exercises—postures and breathing—and get into the philosophy and meditation part of yoga a little. First meeting: Wednesday, 7:30 pm. at 1801 Anderson Ave. Co-ordinator: Sherri Springer, 6-4287.

WHAT IS BAHAI'?

Fourth chance for world unity—from capitalism, communism, reverse materialism—to a New World Order, Baha'i! So you think Christ hasn't come yet? An informative discussion on the aspects of a New World Order—The Baha'i Faith. First meeting: Wednesday, 7:00 pm. at 1801 Anderson Ave., upstairs in the Sun Room. Co-ordinators: the Baha'i Group.

"COME, LET US PLAY GOD"

—a study of Leroy Augenstein's book by that name. Themes like "Am I my fetus' keeper" (genetic defects); "Cancel my reservation, St. Peter" (organ transplants and extended life); "The monkey on our backs" (population control); and other things like "mind manipulation", abortion problems, ethical decisions about living and dying.

Bring a sack lunch or a metrecal biscuit and join us for some lively discussions! First meeting: Monday, 12:00 noon at United Ministries Center, 1021 Denison. Co-ordinators: Dr. Dave Lineback and Dr. Warren Rempel.

THE BIBLE?

The Bible is our damnation and shame. Other people call Jesus the Prince of Peace but I call him the Prince of War and the Prince of Hypocrisy. My statement on Jesus is not based on any anti-Bible book but on the Bible itself, from which I will quote chapter and verse.

I am a retired farmer and have been thinking and working on this theme for thirty years. I would like to discuss my ideas with other people in the community. First meeting: Wednesday, 3:00 pm. in the Board Room, 3rd Floor, K-State Union. Co-ordinator: Philip Hansen, 468-3347, Oldsburg, Kansas.

a short consideration of learning and university for man

flip · do! flip · do!

go the page of the brochure, classes here,
descriptions there, what to take? what to do?
what's this? an article in the brochure?

all of us were sitting in the office two or three weeks ago thinking up ideas that we never get around to doing. i, in my foolishness, suggested that we include some statement about ufm and education. the response was typical: "great idea; sure, sure, write it up." so i'd write it up, i thought, lazy enough.

it didn't take me long to realize that the task of just deciding what to say about education would be hard enough. what can i say that will inform people about ufm and also be worth reading by those familiar with ufm?

i might try listing "learning experience." after all, our philosophy has always been that learning need not take place in a classroom or with a teacher. maybe we could list some things people might do. one such experience might be in talking with someone ten years older or younger than yourself about how each perceives the world and its problems. from this you might learn that (1) not everyone, unfortunately, sees the world the same way you (nor i) do and (2) the reasons why others see the world different than yourself.

kurt vonnegut, in one of his books, writes about two men, two daddies, who live in different parts of the universe. they are both smart and right about everything. unfortunately, if they were to meet each other they would not be able to agree on anything. which only shows that the universe is an awful big place and there is room enough for people to be right about a lot of things and still not agree on anything. there are different ways of being right. "there are places in the universe though, where each daddy would catch onto what the other daddy was talking about... we call these places chrono-synclastic infundibula... you might think it would be nice to go to chrono-synclastic infundibula and see all the different ways of being absolutely right, but it is a very dangerous thing to do." i could list other "learning experiences": figuring out what you would like to be doing in ten years from now and how you and society will have to change so that you can be doing that. or just maybe, anything that you haven't done for a while: write a letter, camp out, watch the news...

listing "learning experiences" sometimes because a bit presumptuous for me because i feel like i'm suggesting what you should be doing. it is not in doing any specific class or "experience" that signifies that you are learning or have learned. we each approach our growing, our next step, from our own different parts of the universe. what is good for me may not be good for you. it is very possible that none of our classes or ideas appeal to you. what should be important is that you are committed to figuring out what you would like to learn, how to learn and then to do it. neither ufm nor any other institution is necessary for learning. learning can take place at any time.

words and picture by dave hirsch

ARTS and CRAFTS

MACRAMÉ

The art of knotting. We'll learn a few easy, basic knots and how to do projects. Then we'll let our imaginations lead and make belts, chokers, vests, furniture, purses... First meeting: Tuesday, 7:30 pm. at the Douglas Center, 900 Yuma. Co-ordinator: Melody Williams.

DIGITAL INVOLVEMENT or just plain FINGERPAINTING

How many ways do you think there are to finger-paint? How about fingerpainting with your toes using shaving cream?! Just bring your digits and come to the first meeting. First meeting: Wednesday, 7:00 pm. at 1321 1/2 Anderson, Apt. #4. Co-ordinators: Mary Holle, 9-6242, and Cindy Alexander, 9-5863.

FREAK FOOTBALL

How cum' I can never get enough people together for a game of touch football? How 'bout if anyone (of either sex) show up on Saturday afternoons at 2:00 in the pavillion at the city park and we'll start playing. Co-ordinator: David Hursh, 9-8304 (none of that intellectual stuff for me!)

TENNIS

Love is nothing--not in real life, only in tennis. Learn the basics, get some exercise, and have fun. Bring your own racket and balls. First meeting: Thursday, 7:00 pm. at the University courts. Co-ordinator: Geoff Roof, 9-5402.

Remember: Tennis builds bodies 12 ways!

APPRECIATION OF ANTIQUES

During this past year, this class has visited antique shops in the surrounding area, observed collections in private homes, and has attended one antique auction as a group. We will also be able to show our own collections. This summer we will also turn to some serious reading and discussion. If you would like to buy some books and participate in the discussions, plan to join us. This summer we will meet every week. First meeting: Monday, 7:30 pm. at 1620 Leavenworth. Co-ordinators: Lois Kadoum, 9-4015 and Dick Davis, 9-5008.

FURNITURE UPHOLSTERING AND REFINISHING

Our goal will be to upholster (and refinish, if necessary) a small piece of furniture during the summer. Members will need to furnish a small item (chair, stool, hassock, etc.), tacks, material for covering, thread, a small hammer, and maybe a few other small tools. We will also refinish the wood on any of the pieces which need it. The class will be limited to 15 persons. First meeting: Wednesday, 7:30 pm. in the Craft's Room, 3rd Floor, K-State Union. Co-ordinator: Lois Kadoum, 9-4015.

BRIDGE

Anyone interested in learning how to play bridge is welcome to come. We'll work with basic instruction and practice sessions. First meeting: Wednesday, 7:30 pm. at the International Center, 1427 Anderson, in the recreation room. Co-ordinator: Jerry Best.

ENGLISH HORSEMEN GROUP

Tired of being snickered at because you ride a horse on a "funny flat saddle with no horn"? English riders of Manhattan and vicinity unite! This group is for people who share a common interest in horses and all types of English riding. You don't need to own your own to join. Our activities will include speakers, field trips, films on riding and stable management, clinics, picnics, trail rides, and whatever else YOU would like to plan. No day has been set, you will be contacted. Co-ordinator: Linda Rohs, 9-3478.

CANOEING

The course is designed to teach safe handling skills, self-rescue skills, skills to use in helping or rescuing others who are in trouble, and ways to apply the basic skills interestingly and safely. The time required for the course is 15 hours. However, this will depend on the skill of participants. It may require more or less hours. A swimming test will be given prior to admittance to the course. A person should be able to swim sufficiently and be able to tread water, fully clothed, for 10 minutes. At the completion of the course, members will receive the Red Cross Basic Canoeing Certificate. First meeting: Thursday, 7:00 pm. at 1404 Hartford Rd. Co-ordinator: Julia Howell, 9-6358.

COOKING FOR MEN

This class is for the male who knows how to boil water but is not sure what to do after that. I will be dealing with the basics of cooking in small quantities. We will be trying out recipes and eating some meals together. First meeting: Thursday, 7:30 pm. at 1913 Judson. Co-ordinator: Doris Nesmith, 6-5051.

EAT BETTER--FOR LESS

I'm getting into healthy meals and cheaper cooking. It's ecological, good for you, and cheap! I'm no expert, but I can teach you a few things and you can share what you know. We may study a book or two, but our main activity will be planning and cooking meals. First meeting: Friday, 5:00 pm. at the Douglas Center, 900 Yuma. Co-ordinator: Melody Williams.

LEARNING TO COOK YOUR FAVORITES

A series of demonstrations in how to make some of your favorite culinary delights.

June 22	Beer	John Selfridge
June 29	Yogurt	Mrs. Miller
July 6	Canning	Pris Callison
July 13	Pastries	Doris Nesmith

There is also the possibility of having demonstrations on jelly and bread making if we can find leaders. If there is something else that you want to learn or teach, call the UFM office, 2-6957. First meeting: Tuesday, 7:00 pm. at the International Center kitchen, 1427 Anderson Ave. Co-ordinator: UFM

EXPERIMENTS IN ART

Watercolor
Acrylics
Found objects
Collages
Assemblages
and a trip to the dump
First meeting: Wednesday, 7:00 pm. at UMHE Center, 1021 Denison. Co-ordinators: Berit Greechic, 8-3615, and John Howe.

BRING SOMETHING

BASIC SEWING FOR MEN

This is your chance, men, to break into the women's world. Learn how to sew on your own buttons, patch your own jeans and hem a thing or two instead of depending on your old lady to do it. The first meeting we will discuss what "tools of the trade" you'll need. After that we may get into making simple garments, ties, etc. First meeting: Thursday, 7:30 pm. at 303 N. 16th. Co-ordinators: Darcy Wilbur and Leah Weyerts.

NOVICE KNITTING

A course for beginners to learn the fine art of knitting. Bring yourself the first time and we will discuss choosing knitting needles, yarn, and patterns. First meeting: Wednesday (June 23rd), 7:30 pm. at 1509 Houston. Co-ordinators: Gail Selfridge, 6-8900 and Terry Thompson.

ADVANCED TIE-DYEING

I'm tired of tie-dyeing but want to get into a little heavier and other fabric dyeing and printing arts. If you're in the same shape, come and join me in the experimenting and fun. First meeting: Monday, about 2:30 or 3:00 at 821 N. 11th, #4. Co-ordinator: Verla Davis, 9-5470

O sweet spontaneous earth how often have the doting

fingers of prurient philosophers pinched and poked

thee, has the naughty thumb of science prodded thy

beauty, how often have religions taken thee upon their scraggy knees squeezing and

buffeting thee that thou mightest conceive gods (but true

to the incomparable couch of death thy rhythmic lover

thou answerest

them only with spring)

BICYCLE TOURING

Now I ask you: what of the countryside can you see from the inside of your air-conditioned, eight-cylindered, deluxe Camaro (with seat belts)? Not much.

If you can get ahold of a bicycle by the first Sunday after registration, meet with us and we'll visit Manhattan and the surrounding area. First meeting: Sunday, 1:00 pm. at 113 N. 9th. Co-ordinator: Ray DeJulio, 8-3003 before 2:00 pm.

ALTERNATIVE STRUCTURES

We intend to build a number of ecologically sound structures (domes, spaceframes, tepees, etc.). We are interested in experimenting with cheaper and less wasteful forms of construction. We don't know how far this will go but with the rising cost of housing in the Manhattan area we are forced to seek alternatives. It will be a co-operative effort, sharing ideas, materials, and labor. First meeting: Thursday, 7:30 pm. at the City Park Pavillion. Co-ordinators: Alan Brummell and Sue Maes, 2-6957 or 9-8304.

THE HOW'S AND WHERE'S OF FISHING

Come and learn how and where to fish in the Manhattan area. We will go into what equipment you'll need, how to use your equipment, and how to make bait. We will talk about when and where to fish in Manhattan and what kind of bait to use. First meeting: Thursday 7:00 pm. at 2605 Circle Road (Sargent addition). Co-ordinator: Paul Miller, 9-4047 or 2-6493

EXPLORING ON FOOT

Let's explore Manhattan on foot. Instead of walking to get somewhere, let's get somewhere by walking. There's so much you can see on foot. Bring your awareness bag. First meeting: Tuesday, 7:00 pm., in front of the Art Box. Co-ordinator: Dennis Christiansen.

A JOURNEY

Month-and-a-half voyage into the depths and recesses of the Oregon, California, possibly Washington wilderness areas--backpacking. Transportation to and from unknown, but it is quite definite that I am going. Contact Christopher, 9-8474.

BUG APPRECIATION or "BLASTING, BILLOWING, BURSTING FORTH WITH THE POWER OF TEN BILLION BUTTERFLY SNEEZES"

The typical life span of a bug: he is screamed at, stomped on, sprayed, trapped, swatted, ignored, and generally unappreciated. Come along with us on hikes and be introduced to the world of bugs. There are many brilliant colors, shapes, sizes and sites awaiting you. First meeting: Friday, 7:00 pm. in the Community House, 4th and Humboldt. Co-ordinators: Peter Kazan, 9-8304, and John Gerber.

ECOLOGICAL EDUCATION AND ACTION

Paper, glass, aluminum, steel, tin: garbage--organic and inorganic. How many people know what can be done with it and by it? How can we make the Manhattan merchants and other residents more responsible to Future Generations? Think about the problems then come to our first meeting and let us know your thoughts. Then maybe we can get some action going. First meeting: Thursday, 7:30 pm. at the Douglas Center, 900 Yuma. Co-ordinators: Francine and Tom Wall, 9-8340, and Becky Finney, 9-8474.

When we break the lock step of every day expectations and routine: rising-motorcar-work-lunch-work-motorcar-dinner-retire, we learn. Learning, requires an access to new feelings, images, ideas which leads to seeing the world within and without differently: more completely, in a new context. Art, it impudently asserts, cannot exactly reproduce the world we live in. Art must distort thereby offering new experiences; or recreate our images or our props (furniture, the sun) in their mundanous or their beauty. A brochure offers experience that can be important to growth: to changing oneself and society. Art, too, can change the way we see ourselves and the world.

CREATIVE DRAMATICS

Making a classroom interesting and exciting is important. Creative dramatics is one channel that can be used to keep children's imagination alive within the structured curriculum of the classroom. I would like to get together with people interested in the elementary grades (but anyone else is welcome for this can be fun for anyone) to discuss and demonstrate how creative drama can be used. There might be a chance to work with some children if the class isn't too big. First meeting: Tuesday, 7:30 pm. at 1011 Laramie. Co-ordinator: Lorraine Nesmith, 9-8304.

HOW TO BE ALIVE AND LEARNING EVEN THOUGH YOU'RE A KID; OR, DEVELOPING ACTION ALTERNATIVES FOR HIGH SCHOOL STUDENTS

What are some relevant outside-the-classroom learning experiences for high school students? Are there possible programs for high school people (faculty, students, and parents) which will allow them the freedom to choose to continue to learn? Come and help us think, plan, and develop such possibilities. Parents, students, community, University and high school people especially welcome. Note: we do want to develop a real program and not just talk about it. First meeting: Monday, June 14, 7:30 pm. in Room 206, K-State Union. Co-ordinators: Abby Patrick, Terry Moore, Pam Stiles, Shel Edelman.

encounter

'OR Monty'

POLICE-STUDENT-COMMUNITY RELATIONS

The police department of Manhattan, Kansas would like to involve students and people living in this community in their new police-community relations program. This program involves informal "rap sessions". The sessions are intended to bridge the gaps between police and the people, hopefully to make Manhattan a better community in which to live. Law and order is not enough. It must be law and order through justice. We encourage you to sign up. First meeting: Thursday, 7:30 pm. at the UMHE center, 1021 Denison. Co-ordinator: Patrolman Larry Woodyard

HOMOSEXUALITY

Homosexuality is the ability to relate sexually and spiritually to someone of the same sex. During the past semester a group of homosexuals have been meeting weekly in an effort to more fully understand and accept themselves. During our meetings we have spent a lot of time talking openly to each other about our doubts, our fears, and our encounters with other people. Through this group many of us have found a comfortable climate where we can openly meet each other. We are going to continue meeting this summer and we hope that more of the gay people in the K-State and Manhattan community will come out and join us. If you are interested in meeting with us this summer call 532-6957 or write P.O. Box 54, Manhattan.

I'M O.K.—YOU'RE O.K. WORKSHOPS For Public School Educators

Transactional Analysis is a new breakthrough in the understanding of human relations, a fresh approach to the problems that every human being faces every-day in his relations with himself and others. It is a process which confronts the individual with the fact that he is responsible for what happens in the present and in the future, no matter what has happened in the past. It is both a teaching and a learning device. It distinguishes three active elements in each person's make-up: the Parent, the Adult, and the Child (P-A-C). The understanding of these personality components, and their interactions with others, forms the basis of the person's freedom of choice and the creation of new options. These, along with the OK-NOT OK perceptions of himself, constitute the basis of new relationships and new freedom from the past perceptions about himself.

Workshops: (1) June 14 and 16, (2) June 15 and 17, (3) July 6 and 8, (4) July 13 and 15, 7:30 to 9:30 pm at the UMHE Center, 1021 Denison. Co-ordinators: Dr. Warren Rempel and Pastor Don Fallon.

LET IT NOT BE GREEK TO YOU!!

If venturing in foreign cultures and seeking the ways of other peoples beyond the bounds of this continent really turns you on, you might reach an all-time high by participating in this informal rap session. Together we shall try to explore the "Greek Mood" and how it yields to expression in music, literature, social, and political spectrum. As a tangent, we will attempt to parallel contemporary Greek and American cultures. First meeting: Sunday, 3:00, in the pioneer room of the Congregational Church, 700 Poyntz. Co-ordinator: Nikitas A. Kitsis.

INTERPERSONAL COMMUNICATIONS FOR 21 AND BEYOND

Those of us over 21 know that we approach such concerns as job, family, finances, life styles, etc. from a different perspective than the college freshman or sophomore. An interpersonal communication group offers us an opportunity to experiment with new ways of expressing our own feelings and attitudes, to practice the lost art of listening (really turning into other people's feelings without really judging), and to reach out to new friends. The group will be small and both students and non-students are welcome. First meeting: Tuesday, 8:00 pm. at 900 Ratone. Co-ordinators: Barb Whittman and Lynn McMahon.

SISTERHOOD IS POWERFUL!

There has been a lot of talk about the women's liberation movement? What is it? Are you liberated? What is a woman's place in society today? How can we work together to help each other. Let's get together to talk and work as sisters. The one requirement—I'd like you to read the book Sisterhood is Powerful. This class is for women only! First meeting: Monday, 2:00 pm. at the Douglas Center, 900 Yuma. Co-ordinator: Debbie Lloyd.

COURSES

Did you ever consider that you may have something to share with others: yourself, knowledge, experiences, a craft? Do you have ideas that haven't been listed? Courses on anything may be offered by anyone at any-time. If you would like to lead a class, just call us. If you have any ideas for classes, we'll try to find leaders.

HELP! UFM NEEDS A HOME

For the last six months we have been looking for a house or storefront for UFM and other community projects: The Fone, an ecology center, a women's center, draft counseling, drug information center, etc. We still haven't found a place and would welcome any help or support we can get.

A FAIR: JUNE 13

Everyone is invited to a fair in the city park from 4:30-11:00 Sunday. There will be UFM registration, a picnic, booths, and, hopefully, a band.

AND OTHER THINGS

UFM is willing to meet with classes, churches, clubs, civic groups, etc. to lead discussions on education.

- University for Man.....2-6957
1801 Anderson Ave.
- Craft's Co-op.....6-4455
