New Business:

Fellow garden Jeanne Squires attended the meeting to discuss the raised bed project on plot #73 at Riley Lane. The inaugural gardening season last year was a success. To due the growing number of participants, Jeanne has a goal to add more raised beds this year. Supplies and labor for construction need to be provided by the gardens or from an external donation.

Fellow board and long range planning committee member, Carol Barta, presented a proposal to establish an orchard at Collins Lane. This was the first of many proposals the board will hear in order to determine what to do with the remaining acreage at Collins Lane.

The meeting adjourned at 6:31pm by a motion made by Max, Linda seconded, and the motion carried.
